Temporary, Full-Time

Commencing: August 27, 2019 to August 26, 2020

Deadline to Apply: July 21, 2019

PUBLIC POSTING

Job Information

DUTIES: The primary assignment of the successful candidate will be to instruct students, facilitate learning, and evaluate student progress by planning, organizing, and managing learning activities and resources in both classroom and shop settings. The instructor will incorporate their own teaching style to existing lesson plans by preparing and implementing various instructional strategies, techniques, and learning models to achieve specified learning outcomes and meet course objectives; establish student performance objectives and evaluation methods and meet with students regularly to gauge and evaluate progress and identify and resolve problem areas in teaching and learning; communicate effectively at a level appropriate to the ability of students and support an emotionally safe learning environment that is conducive to learning by maintaining appropriate classroom discipline following College policies and procedures; and actively participate in and contribute to accreditation activities to ensure the program is of the highest standard. Instruction will cover subject areas outlined in the Plans of Training for Levels I through IV of both the Construction and Industrial Electrician trades. The instructor will also perform other related duties consistent with maintaining quality student-centered instruction.

For additional information on the Construction and Industrial Electrical Instructional Plans of Training, please visit the following website <http://www.aesl.gov.nl.ca/app/plans.html>.

QUALIFICATIONS: The successful candidate must possess knowledge and experience in the electrical trade, with a concentration in construction and/or industrial maintenance as well as an understanding of current teaching/learning methods, and classroom management. Well-developed oral and written communication, analytical, conflict resolution, and organizational skills are required in this role. The ability to work independently but also collaboratively as a member of an instructional team while demonstrating a strong commitment to student success will be essential. The ability to establish and maintain effective working relationships in a classroom and shop setting with faculty, staff and students is also required. The required knowledge and skills would normally have been acquired through the completion of Interprovincial Journeyman Certification in Construction or Industrial Electrician with a minimum of six years combined apprenticeship training and recent related trade specific industry experience. A Pre-employment Certificate, Bachelor of Education (Secondary/Post-Secondary) Degree, teacher training, experience teaching at a post-secondary level, and basic computer literacy skills would be considered assets.

SALARY: Commensurate with qualifications and experience in accordance with the College of the North Atlantic Faculty Collective Agreement.

College of the North Atlantic is an Equal Opportunity Employer.

The successful candidate will be required to provide a recent Certificate of Conduct.

Please apply on line complete with resume at www.cna.nl.ca. Names of three professional references will be required as part of the interview process.

Candidates must clearly demonstrate in their resume that they meet all of the required qualifications. Failure to do so may result in a candidate being screened out of the competition.
